AGENCY: Office of the Secretary, USDA.

ACTION: Semiannual regulatory agenda.

SUMMARY: This agenda provides summary descriptions of significant and not significant regulations being developed in agencies of the U.S. Department of Agriculture (USDA) in conformance with Executive Orders (E.O.) 12866, "Regulatory Planning and Review," and 13563, "Improving Regulation and Regulatory Review." The agenda also describes regulations affecting small entities as required by section 602 of the Regulatory Flexibility Act, Public Law 96-354. This agenda also identifies regulatory actions that are being reviewed in compliance with section 610(c) of the Regulatory Flexibility Act. We invite public comment on those actions as well as any regulation consistent with Executive Order 13563.

USDA has attempted to list all regulations and regulatory reviews pending at the time of publication except for minor and routine or repetitive actions, but some may have been inadvertently missed. There is no legal significance to the omission of an item from this listing. Also, the dates shown for the steps of each action are estimated and are not commitments to act on or by the date shown.

USDA's complete regulatory agenda is available online at www.reginfo.gov. Because publication in the **Federal Register** is mandated for the regulatory flexibility agendas required by the Regulatory Flexibility Act (5 U.S.C. 602), USDA's printed agenda entries include only:

(1) Rules that are likely to have a significant economic impact on a substantial number of small entities; and

(2) Rules identified for periodic review under section 610 of the Regulatory Flexibility Act.

FOR FURTHER INFORMATION CONTACT: For further information on any specific entry shown in this agenda, please contact the person listed for that action. For general comments or inquiries about the

agenda, please contact Mr. Michael Poe, Office of Budget and Program Analysis, U.S. Department of Agriculture, Washington, DC 20250, (202) 720-3257.

Dated: March 31, 2021.

Michael Poe,

Legislative and Regulatory Staff.

Agricultural Marketing Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
1	Poultry Grower Ranking Systems	0581–AE03
2	Clarification of Scope of the Packers and Stockyards Act	0581–AE04
3	Unfair Practices in Violation of the Packers and Stockyards Act	0581–AE05

Department of Agriculture (USDA)	Proposed Rule Stage
Agricultural Marketing Service (AMS)	

1. • POULTRY GROWER RANKING SYSTEMS

Legal Authority: 7 U.S.C. 181 to 229c

Abstract: The U.S. Department of Agriculture’s Agricultural Marketing Service proposes to amend the regulations issued under the Packers and Stockyards Act (P&S Act) to address the use of poultry grower ranking systems as a method of payment and settlement grouping for poultry growers under contract in poultry growing arrangements with live poultry dealers. The proposed regulation would establish certain requirements with which a live poultry dealer must comply if a poultry grower ranking system is utilized to determine grower payment. A live poultry dealer’s failure to comply would be deemed an unfair, unjustly discriminatory, and deceptive practice.

RIN: 0581–AE03

2. • CLARIFICATION OF SCOPE OF THE PACKERS AND STOCKYARDS ACT

Legal Authority: 7 U.S.C. 181 to 229c

Abstract: USDA proposes to revise the regulations issued under the Packers and Stockyards Act (Act) (7 U.S.C.181 229c) to provide clarity regarding conduct that may violate the Act. This action is intended to support market growth, assure fair trade practices and competition, and protect livestock and poultry growers and producers. The proposed rule addresses long-standing issues related to competitiveness and whether all allegations of violations of the Act must be accompanied by a showing of harm or likely harm to competition.

RIN: 0581–AE04

3. • UNFAIR PRACTICES IN VIOLATION OF THE PACKERS AND STOCKYARDS ACT

Legal Authority: 7 U.S.C. 181 to 229c

Abstract: USDA proposes to supplement a recent revision to regulations issued under the Packers and Stockyards Act (Act) (7 U.S.C.181 229c) that provided criteria for the Secretary to consider when determining whether certain conduct or action by packers, swine contractors, or live poultry dealers is unduly or unreasonably preferential or advantageous. The proposed supplemental amendments would clarify the conduct the Department considers unfair, unjustly discriminatory, or deceptive and a violation of sections 202(a) and (b) of the Act. USDA would also clarify the criteria and types of conduct that would be considered unduly or unreasonably preferential, advantageous, prejudicial, or disadvantageous and violations of the Act.

4. • DAIRY DONATION PROGRAM (AMS–DA–21–0013)

Legal Authority: Pub. L. 116–260, sec. 762

Abstract: The Dairy Donation Program rulemaking will comply with Consolidated Appropriations Act of 2021 mandates. Dairy Donation Program will implement a voluntary program that will reimburse eligible

dairy organizations for milk used to make eligible dairy products donated to non-profit groups for distribution to low-income persons.

5. NOP; STRENGTHENING ORGANIC ENFORCEMENT (AMS–NOP–17–0065)

Legal Authority: 7 U.S.C. 6501

Abstract: The Strengthening Organic Enforcement (SOE) rulemaking will address 2018 Farm Bill mandates. In summary, SOE will follow requirements that align with the Farm Bill:

- Limiting the types of operations in the organic supply chain that are not required to obtain organic certification;
- Imported organic products must be accompanied by an electronic import certificate to validate organic status;

- Import certificates will be submitted to the U.S. Customs and Border Protection's Automated Commercial Environment (ACE);
- Certifying agents must notify USDA within 90 days of the opening of any new office that conducts certification activities; and,
- Entities acting on behalf of certifying agents may be suspended when there is noncompliant activity.

6. NATIONAL ORGANIC PROGRAM—ORGANIC AQUACULTURE STANDARDS

Legal Authority: 7 U.S.C. 6501 to 6522

Abstract: This action proposes to establish standards for organic production and certification of farmed aquatic animals and their products in the USDA organic regulations. This action would also add aquatic animals as a scope of certification and accreditation under the National Organic Program (NOP).

Timetable: Next Action Undetermined

7. • NOP; INERT INGREDIENTS IN PESTICIDES FOR ORGANIC PRODUCTION (AMS–NOP–21–0008)

Legal Authority: 7 U.S.C. 6501 to 6524

Abstract: This Advanced Notice of Proposed Rulemaking (ANPR) requests comments on options for replacing outdated references in USDA's organic regulations to U.S. Environmental Protection Agency (EPA) policy on inert ingredients in pesticides. Inerts, also known as other ingredients, are any substances other than the active ingredient that are intentionally added to pesticide products. The references to outdated EPA policy appear in the USDA organic regulations in the National List of Allowed and Prohibited Substances (National List) and identify the inert ingredients allowed in pesticides for organic production.

8. UNDUE AND UNREASONABLE PREFERENCES AND ADVANTAGES UNDER THE PACKERS AND STOCKYARDS ACT (AMS–FTTP–18–0101)

Legal Authority: Pub. L. 110–234

Abstract: This final rule amended the regulations issued under the Packers and Stockyards Act (P&S Act) by adding new regulations that specify the criteria the Secretary could consider in determining whether conduct or action by packers, swine contractors, or live poultry dealers constitutes an undue or unreasonable preference or advantage and a violation of the P&S Act.

10. HANDLING OF ANIMALS; CONTINGENCY PLANS

Legal Authority: 7 U.S.C. 2131 to 2159

Abstract: The Animal and Plant Health Inspection Service issued a final rule on December 31, 2012, to establish regulations under which research facilities and dealers, exhibitors, intermediate handlers, and carriers must meet certain requirements for contingency planning and training of personnel. Implementation of the final rule was stayed on July 31, 2013, so that the agency could conduct additional review to further consider the impact of contingency plan requirements on regulated entities. Since that time, we have conducted such a review, and the 2021 Congressional Appropriations Act has required us to propose to lift the stay. We are therefore proposing to lift the stay and make minor

revisions to the requirements in order to update compliance dates and clarify intent. The lifting of the stay and proposed revisions would better ensure that entities responsible for animals regulated under the Animal Welfare Act are prepared to safeguard the health and welfare of such animals in the event of possible emergencies or disasters.

11. • ANIMAL DISEASE TRACEABILITY; ELECTRONIC IDENTIFICATION

Legal Authority: 7 U.S.C. 8301, et seq.

Abstract: This action would amend APHIS' animal disease traceability regulations, currently codified at 9 CFR part 86. The primary proposed change would require that beginning January 1, 2023, APHIS would only recognize identification devices (e.g., eartags) as official identification for cattle and bison covered by the regulations if the devices have both visual and electronic readability (EID). Other proposed changes are intended to clarify language and requirements in several sections of part 86. These changes would enhance the U.S. traceability system to better achieve goals of rapidly tracing diseased and exposed animals and containing outbreaks.

12. BOVINE SPONGIFORM ENCEPHALOPATHY AND SCRAPIE; IMPORTATION OF SMALL RUMINANTS AND THEIR GERMLASM, PRODUCTS, AND BYPRODUCTS

Legal Authority: 7 U.S.C. 450; 7 U.S.C. 1622; 7 U.S.C. 7701 to 7772; 7 U.S.C. 7781 to 7786; 7 U.S.C. 8301 to 8317; 21 U.S.C. 136 and 136a; 31 U.S.C. 9701

Abstract: We are amending the regulations governing the importation of animals and animal products to revise conditions for the importation of live sheep, goats, and certain other non-bovine ruminants, and products derived from sheep and goats, with regard to transmissible spongiform encephalopathies such as bovine spongiform encephalopathy (BSE) and scrapie. We are removing BSE-related import restrictions on sheep and goats and most of their products and adding import restrictions related to transmissible spongiform encephalopathies for certain wild, zoological, or other non-bovine ruminant species. The conditions we are adopting for the importation of specified commodities are based on internationally accepted scientific literature and will, in general, align our regulations with guidelines established in the World Organization for Animal Health's Terrestrial Animal Health Code.

13. IMPORTATION OF FRESH CITRUS FRUIT FROM THE REPUBLIC OF SOUTH AFRICA INTO THE CONTINENTAL UNITED STATES

Legal Authority: 7 U.S.C. 450; 7 U.S.C. 7701 to 7772; 7 U.S.C. 7781 to 7786; 21 U.S.C. 136 and 136a

Abstract: This rulemaking will amend the fruits and vegetables regulations to allow the importation of several varieties of fresh citrus fruit, as well as citrus hybrids, into the continental United States from areas in the Republic of South Africa where citrus black spot has been known to occur. As a condition of entry, the fruit will have to be produced in accordance with a systems approach that includes shipment traceability, packinghouse registration and procedures, and phytosanitary treatment. The fruit will also be required to be imported in commercial consignments and accompanied by a phytosanitary certificate issued by the national plant protection organization of the Republic of South Africa with an additional declaration confirming that the fruit has been produced in accordance with the systems approach. This action will allow for the importation of fresh citrus fruit, including citrus hybrids, from the Republic of South Africa while continuing to provide protection against the introduction of plant pests into the United States.

14. HORSE PROTECTION; LICENSING OF DESIGNATED QUALIFIED PERSONS AND OTHER AMENDMENTS

Legal Authority: 15 U.S.C. 1823 to 1825; 15 U.S.C. 1828

Abstract: We proposed amending the horse protection regulations to provide that the Animal and Plant Health Inspection Service (APHIS) would train and license horse protection inspectors (HPIs) to inspect horses at horse shows, exhibitions, sales, and auctions for compliance with the Horse Protection Act. Those changes to the regulations would strengthen enforcement of the Horse Protection Act and regulations and relieve horse industry organizations or associations of their regulatory burdens and responsibilities. We also proposed establishing a process by which APHIS can deny an application for a HPI license or revoke the license of a HPI who does not meet the minimum requirements, who fails to follow the designated inspection procedures, or who otherwise fails to carry out his or her duties and responsibilities in a satisfactory manner. In addition, we proposed making several changes to the requirements that pertain to the management of any horse show, exhibition, sale, and auction, as well as changes to the list of devices, equipment, substances, and practices that are prohibited to prevent the soring of horses. Finally, we proposed revising the inspection procedures that inspectors are required to perform. These actions would help to protect horses from the cruel and inhumane practice of soring and eliminate unfair competitive advantage that sore horses have over horses that are not sore.

15. NATIONAL LIST OF REPORTABLE ANIMAL DISEASES

Legal Authority: 7 U.S.C. 8301 to 8317

Abstract: This rulemaking amends our disease regulations to provide for a National List of Reportable Animal Diseases, along with reporting responsibilities for animal health professionals that encounter or suspect cases of communicable animal diseases and disease agents. The changes are necessary to streamline State and Federal cooperative animal disease detection, response, and control efforts. This action will consolidate and enhance current disease reporting mechanisms, and it will complement and supplement existing animal disease tracking and reporting at the State level.

**16. REQUIRING MICROCHIPPING, VERIFIABLE SIGNATURES, GOVERNMENT OFFICIAL
ENDORSEMENT, AND MANDATORY FORMS FOR IMPORTATION OF LIVE DOGS**

Legal Authority: 7 U.S.C. 2131 to 2159

Abstract: We are proposing to amend the regulations regarding the importation of live dogs by requiring all live dogs imported into the United States for resale purposes to be microchipped for permanent identification, and to require importers to procure a microchip reader and make it available to port-of-entry officials as requested. This action would also add microchipping as one of three identification options for dogs and cats used by dealers, exhibitors and research facilities. In addition, APHIS is proposing to require a verifiable signature on the health certificate and rabies certificate accompanying imported live dogs, an endorsement of the health certificate by a government official in the country of origin, and the mandatory use of forms provided by APHIS.

**17. ANIMAL WELFARE: MARINE MAMMALS; NONCONSENSUS LANGUAGE AND INTERACTIVE
PROGRAMS**

Legal Authority: 7 U.S.C. 2131 to 2159

Abstract: This rulemaking would have amended the Animal Welfare Act regulations concerning the humane handling, care, treatment, and transportation of marine mammals in captivity. These proposed changes would have affected sections in the regulations relating to variances and implementation dates, indoor facilities, outdoor facilities, and water quality. It would also have revised the regulations that relate to swim-with-the-dolphin programs. We believed these actions were necessary to ensure that the minimum standards for the humane handling, care, treatment, and transportation of marine mammals in captivity were based on current industry standards and scientific knowledge and experience. The action is being withdrawn due to the age of the analyses on which it relies.

18. REMOVAL OF EMERALD ASH BORER DOMESTIC QUARANTINE REGULATIONS

Legal Authority: 7 U.S.C. 7701 to 7772; 7 U.S.C. 7781 to 7786

Abstract: This rulemaking removes the domestic quarantine regulations for the plant pest emerald ash borer. This action will discontinue the domestic regulatory component of the emerald ash borer program as a means to more effectively direct available resources toward management and containment of the pest. Funding previously allocated to the implementation and enforcement of these domestic quarantine regulations will instead be directed to non-regulatory options to mitigate and control the pest.

21. NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAMS: SCHOOL FOOD SERVICE ACCOUNT REVENUE AMENDMENTS RELATED TO THE HEALTHY, HUNGER-FREE KIDS ACT OF 2010

Legal Authority: Pub. L. 111–296

Abstract: This rule amends National School Lunch Program (NSLP) regulations to conform to requirements contained in the Healthy, Hunger-Free Kids Act of 2010 regarding equity in school lunch pricing and revenue from non-program foods sold in schools. This rule requires school food authorities (SFAs) participating in the NSLP to provide the same level of financial support for lunches served to students who are not eligible for free or reduced price lunches as is provided for lunches served to students eligible for free lunches. This rule also requires that all food sold in a school and purchased with funds from the nonprofit school food service account other than meals and supplements reimbursed by the Department of Agriculture must generate revenue at least proportionate to the cost of such foods.

22. MODERNIZING SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) BENEFIT REDEMPTION SYSTEMS

Legal Authority: Pub. L. 113–79

Abstract: The Agricultural Act of 2014 (Pub. L. 113-79, the Farm Bill) amended the Food and Nutrition Act of 2008 (the FNA) to include new requirements regarding the acceptance and processing of SNAP client benefits by all non-exempt retailers participating in SNAP. Statutory changes will modernize EBT systems and ensure greater program integrity. The Food and Nutrition Service (FNS) proposes to revise certain SNAP regulations for which multiple State agencies have sought and received approval of waivers. The revisions would streamline program administration, offer greater flexibility to State agencies, and improve customer service.

23. SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP): ELECTRONIC BENEFITS TRANSFER REQUIREMENTS FOR SCANNING AND PRODUCT-LOOKUP TECHNOLOGY

Legal Authority: Pub. L. 113–79

Abstract: This rule will align program regulations with changes made by section 4002 of the Agricultural Act of 2014 (Pub. L. 113-79, the Farm Bill), which introduced new technical requirements for point-of-sale (POS) devices in the Electronic Benefits Transfer (EBT) system in section 7(h)(2)(C) of the Food and Nutrition Act of 2008 (the FNA). The Food and Nutrition Service (FNS) will propose to revise existing regulations both to codify these statutory requirements as well as to provide for their effective implementation and enforcement through the clarification of the technical specifications and capabilities required of this equipment and by addressing methods for ensuring compliance. In addition, USDA will define what constitutes an area that has significantly limited access to food to determine who is exempt from this requirement.

24. NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAMS: NUTRITION STANDARDS FOR ALL FOODS SOLD IN SCHOOL, AS REQUIRED BY THE HEALTHY, HUNGER-FREE KIDS ACT OF 2010

Legal Authority: Pub. L. 111–296

Abstract: This rule codifies a provision of the Healthy, Hunger-Free Kids Act (Pub. L. 111-296; the Act) under 7 CFR parts 210 and 220. Section 208 requires the Secretary to promulgate regulations to establish science-based nutrition standards for all foods sold in schools. The nutrition standards apply to all food sold outside the school meal programs, on the school campus, and at any time during the school day.

25. PROVIDING REGULATORY FLEXIBILITY FOR RETAILERS IN THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

Legal Authority: Pub. L. 113–79; 7 U.S.C. 2011 to 2036

Abstract: The Agricultural Act of 2014 amended the Food and Nutrition Act of 2008 to increase the requirement that certain Supplemental Nutrition Assistance Program (SNAP) authorized retail food stores have available on a continuous basis at least three varieties of items in each of four staple food categories, to a mandatory minimum of seven varieties. The Food and Nutrition Service (FNS) codified these mandatory requirements. Subsequent annual Agency appropriations bill language prohibited implementation of certain final rule provisions. In response, this change will provide some retailers participating in SNAP as authorized food stores with more flexibility in meeting the enhanced SNAP eligibility requirements.

26. SPECIAL USES—COMMUNICATIONS USES RENT

Legal Authority: 43 U.S.C. 1761 to 1771

Abstract: Consistent with the requirement in title V, section 504 (g) of the Federal Land Policy and Management Act, the proposed rule would update the Forest Service's rental fee schedule for communications uses based on market value. Updated rental fees that exceed 100 percent of current rental fees would be phased in over a 3-year period. USDA is coordinating development of the information base to support this rulemaking with the Department of the Interior.
